

Curriculum Vitae

Updated in April 2020

Hui Yan, Ph.D.

Associate Dean for master programs and Ph.D. programs

School of Information Resource Management

Renmin University of China

E-mail: hyanpku@ruc.edu.cn

Phone: + 86 186 1844 9209

ACADEMIC POSITIONS

Associate Professor, School of Information Resource Management, Renmin University of China, September 2015-.

Visiting Scholar, School of Information Sciences, University of Illinois at Urbana-Champaign, July 2018-September 2019.

Associate Professor, Department of Information Resource Management, Business School, Nankai University, December 2013 to August 2015.

Assistant Professor, Department of Information Resource Management, Business School, Nankai University, July 2010 to December 2013.

Research Associate, Community Informatics Research Lab, University of Illinois at Urbana-Champaign, September 2009-.

EDUCATION

Ph.D., Information Science, Department of Information Management, Peking University. July 2010. Dissertation title: “Digital inequality among China’s communities and information institutions for public benefits”.

Visiting doctoral student, Community Informatics Research Lab, Graduate School of Library and Information Science. University of Illinois at Urbana-Champaign. September 2008 to September 2009.

Master of Management, Library Science. Department of Information Resource Management, Business School, Nankai University, June 2006.

Bachelor of Management, Library Science, Department of Information Resource Management, Business School, Nankai University, June 2004.

GRANTS

- 2018- Action research in digital poverty alleviation in context of digital China. National Social Science Foundation, NSSF. RMB 200,000. (Grant No.: 18BTQ007)
- 2017- Young outstanding scholar, six years support plan. Renmin University of China. RMB 150,000 per year.
- 2017- Social experiments in digital poverty alleviation. Renmin University Research Foundation. RMB80,000.
- 2014-2016. Digital poverty and reflections on digital cultural policies in Mainland China. Nankai University Basic Research Funds. RMB 50,000.
- 2012-2013. Social classes in China's digital society. Publishing fund for monograph by Asia Research Center of Nankai University. RMB 25,000.
- 2011-2016. Field study on digitally poor communities in China rural areas: Phenomena, origins and policy implications. National Social Science Foundation, NSSF. RMB 150,000. (Grant No.: 11CTQ009)
- 2010-2012. Digital inequality in Chinese Context. Nankai University Young Scholar Research Foundation. RMB 5,000.

- Ke Ping, Yan Hui. (2005) The constructing of web-based reading culture for youth in China. *The proceeding of China Society of Library Science 2005 annual conference*. Beijing Library Press, 2005: 132-137.

INVITED TALKS

- Yan Hui. (2017) Big data in governance in governments. Lecture at School of Public Administration, Renmin University of China, Nov. 15th, 2017.
- Hui Yan. (2016) Digital citizenship in urban and rural China. Information city lecture, November 10th, 2016, Online lecture for graduates in School of Information Sciences at UIUC.
- Yan Hui. (2016) Origins of digital poverty. Lecture at Department of Information Management, East China Normal University, October 21st, 2016.
- Yan Hui. (2016) Library and information professionals' engagement in LIS program. Pudong Library Annual Conference 2016, October 20th, 2016.
- Yan Hui. (2016) Focusing on poverty reproduction in digital society: Field evidence from China. Talk in Management College of Hebei University, October 14th, 2016.
- Yan Hui. (2016) Research methods in information science. Training lecture at Beijing Institute of Science and Technology Information, April 21st, 2016.
- Yan Hui. (2015) Library professionals: Basics and value. Training lecture at Tianjin Airport Economic Zone Public Library, October 29th, 2015.
- Hui Yan. (2014) Reflections on digital poverty and information policy for the disadvantaged in China. The 6th International Conference on Information Capital, Property & Ethics Conference, Dec, 20-21, 2014, Beijing.

- Hui Yan. (2014) How do rural residents attribute their distance from Information City in China. Information City Lecture Series of University of Illinois at Urbana-Champaign, November 6th, 2014.
- Yan Hui. (2014) Applications of field study in community informatics. Seminar on LIS frontiers tracing, theory and method innovations. Peking University. June 2014.
- Hui Yan (2014). Broadband China Strategy and Opportunities for Chinese Librarianship, 2014 CALA Midwest Chapter Annual Web-Conference: Changes, Challenges, and Opportunities, May 24th, 2014.
- Yan Hui. (2011) New developments in information resource management. Lecture by Patents Literature Department in State Intellectual Property Office of the P.R. China. April 22nd, 2011.

TEACHING

Undergraduate

Community informatics (English), Fall 2017-

Community informatics (Chinese), 2011-2015

Introduction to information management, spring 2020- (Joint course with Professor Wang Yingwei, Zhou Xiaoying, Qian Minghui)

Information Consulting, 2018-

Data mining, 2015-2019

Web analysis and textual mining, 2016-2017

Information and communication technologies, 2012-2016

Information architecture, 2012-2014

Digital publishing, 2010-2015

Digital library (English), 2013-2015

Master

Community informatics, 2015-

Introduction to library and information science, 2016-

Data mining, 2017-

Basics in information science, 2014

Information architecture, 2015

Business Information Resources Management (English) for International MBA, 2014

Business Information Resources Management (Chinese) for MBA, 2014-2015

Information analysis 2012-2014

Ph.D.

Information behaviors: Theory and Advances, spring, 2020-

Advances in information science, 2014.

RESEARCH EXPERIENCES

August 2008-August 2009, research assistant, Studying technology access, use and support in a set of ethnic communities of Chicago chaired by Professor Kate Williams, UIUC.

August 2008-January 2009, research assistant, ICT use measurements meta-study project, led by Professor Kate Williams in Community Informatics Lab of GSLIS, UIUC.

2007-2008, research assistant, Information resources as production factors, intangible assets, and social wealth, National Informationization Expert Consultation Committee Project.

2007, research assistant, An empirical research on the integration and cooperation of information resources industry and related industries. China National Social Sciences Foundation.

2007, research assistant, Study on the strategy of development and utilization of information resources for public welfare. State Council Informatization Office.

2007, research assistant, Research on community informatization standard, Ministry of Information Industry.

PROFESSIONAL EXPERIENCES

Reviewers for *Journal of Library Science in China*, *Library and Information Service*, *Information and Documentation Services*, *Journal of Academic Libraries*, *Library Tribune*, *Library and Information*, *China Scientific Data*, *The Journal of Data and Information Science*, *iConference*, etc.

Membership in *ASIS&T*, *China Library Association*, *Library Science Education Committee*, *Policy Research Committee in Public Library Association*, *Compilation and Publication Committee*, *HCI Chapter in ACM*.
